Welcome Message

On behalf of the organising committee, it is our proud privilege to extend a warm welcome to each one of you to the 46th Annual Conference of the Association of Obstetricians and Gynecologists of Delhi (AOGD) – AOGD 2024. It is our distinct honour to host this prestigious gathering from the 22nd - 24th November 2024 at India Habitat Centre, nestled in the heart of vibrant Delhi.

This year, we embrace a theme of profound significance: “Empower Women- Empower the Nation.” This theme is a clarion call to elevate our practice by championing the empowerment of women through collaborative, informed, and compassionate decision-making. It speaks to our collective commitment to not only advance medical science but to also enrich the lives of women everywhere through holistic and patient-centred care. Healthy women make healthy families and healthy families make a strong country.

We are honoured to have a remarkable group of International and National Experts with us. Their knowledge and insights will greatly enhance our discussions. Their presence highlights the global importance of our cause and the widespread commitment to improve women's health and empowerment.

Our conference promises to be a confluence of brilliant minds and compassionate hearts, featuring a stellar lineup of renowned speakers, thought-provoking sessions, and groundbreaking research presentations. It is designed to inspire, educate, and foster a spirit of camaraderie and collaboration among our esteemed attendees.

We invite you to immerse yourself in this exceptional experience, to share your insights, to learn from your peers, and to contribute to the forward march of our noble profession. Together, we will explore new horizons and forge pathways that enhance the well-being and emancipation of women across the globe.

With great anticipation, we look forward to your presence at AOGD 2024. May this conference be a beacon of knowledge, a catalyst for change, and a testament to the power of unity to empower our state & nation.

A No	Name of Presenter	Topic
Judges: Dr Ananta Kanwar, Dr Seema Sheokand, Dr Amita Gupta		
9:00-10:00 am, Topic: Endoscopy, Population Stabilisation		
EPS-1	Dr Manpreet Sodhi	Laparoscopic excision of Accessory cavitated uterine mass (ACUM): A Case series.
EPS-2	Dr Prachi Gupta	Laparoscopic uterovaginal anastomosis in a rare case of cervicovaginal agenesis with severe endometriosis: a surgical video & review of literature
EPS-3	Dr Neha Varun	Obstructive uterovaginal anomalies: an experience at tertiary care centre
EPS-4	Dr Monika Rani	Evaluation of findings of hysteroscopy in abnormal uterine bleeding in reproductive age group and their correlation with histopathology in a tertiary care hospital.
EPS-5	Dr Triveni GS	Female Sterilization Failure at a Tertiary Care Centre in Delhi: A Two Decade Sail
EPS-6	Dr Nisha R	Acceptance of subdermal implants in reproductive age females: A Retrospective Study.
EPS-7	Dr Reetu Yadav	Management of second trimester abortion beyond 20 weeks in a tertiary care setting
Judges: Dr Anurag Vashista, Dr Vaishali Paliwal, Dr Kavita Kumari		
10:00-11:00 am, Topic: High Risk Pregnancy (Maternal Health)		
HRMH-1	Dr Himani Sharma	Comparison of transvaginal sonographic cervical length at 11-14 weeks with 18-24 weeks gestation in high-risk pregnancies and its correlation with time of delivery
HRMH-2	Dr Aayushi Mahalle	Comparing the effectiveness of oxytocin with methylergometrine with oxytocin alone in patients undergoing intrapartum caesarean section: a randomized controlled trial
HRMH-3	Dr Maney Nagpal	A clinical audit of intrahepatic cholestasis of pregnancy in a private hospital
HRMH-4	Dr Muskan Agrawal	Predictive accuracy of HDP (hypertensive disorders of pregnancy) -gestosis score in development of pre-eclampsia
HRMH-5	Dr Samyukta Singh	Place of pre-natal invasive techniques in modern obstetrics
HRMH-6	Dr Aprajita Gupta	The curious cases of acardiac twins
HRMH-7	Dr Madiha Khan	Fetomaternal outcomes in severe abruption
Judges: Dr Shruti Bhatia, Dr Rahul D Modi, Dr Mala Srivastava		
11:00-12:00 pm, Topic: Gynaecologic Oncology		
GO-1	Dr Aparajita Gulati	AI algorithms for early detection of ovarian cancer: A comparative study
GO-2	Dr Carolin Solomi	Genetic Threads of Hope: Unravelling Germline Mutations in Ovarian Cancer and their Impact on Clinical Outcomes and empowering Ovarian Cancer Defence with Cascade Genetic Testing- Indian Perspective
GO-3	Dr Bhakti Agrawal	Quality improvement (qi) in pap testing: key to prevent cervical cancer
GO-4	Dr Peuly Das	Comparison between reid's colposcopic index and swede score in predicting premalignant lesions of cervix
GO-5	Dr Swati Tomar	Use of bevacizumab in neoadjuvant chemotherapy to reduce disease burden and optimal resection rates in advanced ovarian cancer
GO-6	Dr Ambreen Fatima	Significance of inflammatory smear in post-menopausal women

GO-7	Dr Ananya Jha	Neutrophil lymphocyte ratio as a predictor of prognosis in patients with high staged ovarian cancer
Judges: Dr Arpita De, Dr Shilpa Tholia, Dr Garima B Kaur		
12:00-1:00 pm, Topic: Gynaecologic Oncology, High Risk Pregnancy (Maternal Health)		
HRMH-8	Dr Priyanka Vashist	To compare the colposcopic findings by international federation of colposcopy and cervical pathology (IFCPC) nomenclature and swede score for assessment of high-grade cervical lesions
HRMH-9	Dr Anjali Chandra	An audit on factors delaying time to chemotherapy in stage IIB-IV ovarian cancer patients after primary debulking surgery
HRMH-10	Dr Arnika Kashyap	A prospective analysis assessing accuracy of CECT in estimation of peritoneal carcinomatosis index (PCI) score and its correlation with intraoperative findings
HRMH-11	Dr Nirupama Gupta	Assessment of maternal cardiac dysfunction in women with gestational diabetes mellitus
HRMH-12	Dr Neha Rathore	I ² -hcg levels in second trimester as a predictor of gestational hypertension and preeclampsia
HRMH-13	Dr Shreya Sharma	Evaluation of renal resistive index as an ultrasonic marker of acute kidney injury in pregnancy associated sepsis
HRMH-14	Dr Priya Singh	To study the comparison of foetal middle cerebral artery & umbilical artery doppler indices as a predictor of perinatal outcome in foetal growth restricted pregnancies
Judges: Dr Prachi Gupta, Dr Vandana Agarwal, Dr Nikita Banerjee		
1:00-2:00 pm, Topic: High Risk Pregnancy (Maternal Health)		
HRMH-15	Dr Priya Mehar	Fetomaternal outcomes of congenital heart disease in pregnancy: case series
HRMH-16	Dr Prachi Singhee	Fetomaternal outcomes of rare haematological disorders in pregnancy
HRMH-17	Dr Madhavi Sarin	Fetomaternal outcome in women with mucopurulent cervicitis
HRMH-18	Dr Dinky Arora	Maternal and foetal outcomes in RHD patients on anticoagulant therapy in pregnancy
HRMH-19	Dr Vishwani Khurana	Comprehensive glycaemic profiling in t2dm pregnancies: redefining risk assessment for adverse foetal outcomes
HRMH-20	Dr Liya P J	Association of inflammatory markers with time to onset of spontaneous labour in preterm prelabour rupture of membrane
HRMH-21	Dr Nivedita Shankar	Association of folic acid, vitamin b12, and homocysteine levels with fetomaternal outcome in pre-eclampsia
Judges: Dr Kashika, Dr Anju Bala, Dr Shaheen Bano		
2:00-3:00 pm, Topic: High Risk Pregnancy (Maternal Health)		
HRMH-22	Dr Palvi Sharma	Association between prior pregnancy loss and preterm birth in subsequent pregnancy.
HRMH-23	Dr Sakshi Verma	Percutaneous transluminal mitral commissurotomy (PTMC)- gateway for successful pregnancy outcomes in pregnant females with severe mitral stenosis
HRMH-24	Dr Nilufhar Parveen	Rheumatic heart disease (rhd) in pregnancy: an experience at tertiary care centre
HRMH-25	Dr Shweta Patel	Post-caesarean section abdominal collection: analysing risk factors and refining interventions
HRMH-26	Dr Anshul Bhartiya	Placental histopathological changes in late-onset foetal growth restriction (FGR)

HRMH-27	Dr Akansha Yadav	Procalcitonin as a prognostic marker for morbidity and mortality in post-partum and post abortal sepsis.
HRMH-28	Dr Diksha Malhotra	Mifepristone as a single agent versus mifepristone followed by misoprostol for second trimester termination of pregnancy in women with previous caesarean
Judges: Dr Deepa Gupta, Dr Sangita Rani, Dr Preeti Sainia		
3:00-4:00 pm, Topic: High Risk Pregnancy (Maternal Health), Miscellaneous		
HRMH-29	Dr Vasudha Singal	Managing maternal near miss in a tertiary care
HRMH-30	Dr Priya Samanta	Foetal renal doppler indices: a non-invasive predictor of foetal inflammatory response syndrome in PPRM
HRMH-31	Dr Dakshika Lochan	Prediction of pre-eclampsia by HDP-gestosis score
HRMH-32	Dr Aarti Jeenwal	Managing chronic kidney disease during pregnancy: risks and strategies: A case series
HRMH-33	Dr Shreya Goel	Perinatal outcomes in dichorionic diamniotic twin pregnancies with selective growth restriction: a retrospective observational study
HRMH-34	Dr Shwetapadma Pradhan	A comparative study of rectal misoprostol vs IM syntocinon for active management of third stage of labour
HRMH-35	Dr Dhairrya Diwan	Scar Endometriosis: Shedding Light on an Overlooked Surgical Complication

HRMH-48	Dr Shivangi Jawa	Comparison Of Inflammatory Marker HSCRp Levels In Pregnant Women With And Without Gdm

Judges: Dr Pooja Vadehra, Dr Reetu Yadav, Dr Nishtha Handa**10:00-11:00 am, Topic: Miscellaneous**

M-1	Dr Savita Dinodia	Caesarean scar ectopic pregnancy- a management conundrum: a case series
M-2	Dr Akshita Jakhar	A pilot study of parryscope and hysteroscopic flow technique for tubal patency among infertile women
M-3	Dr Anju Kumari	Rare extraanatomical site of endometriosis
M-4	Dr Twinkle Rathore	Transverse diameter of uterus: an aid to determine the route of hysterectomy
M-5	Dr Asma Khanday	A study to correlate vit d levels and bone mineral density in reproductive and postmenopausal women in north India
M-6	Dr Madhulika Kotwal	Diagnosing GDM in first trimester by fasting blood sugar, fasting insulin and HbA1c
M-7	Dr Supriya Marak	To study effect of music on procedural anxiety in women undergoing intrauterine insemination (IUI)

Judges: Dr Sweta Sinha, Dr Shipra Srivastava, Dr Mrinalini**11:00-12:00 pm, Topic: Miscellaneous**

M-8	Dr Isha Yogi	Does the ratio of baby weight/ placental weight signify adverse pregnancy outcome, and can it be calculated antenatally?
M-9	Dr Hemlata Meena	Comparison of transvaginal ultrasonography and endometrial histopathology in perimenopausal woman with AUB
M-10	Dr Smita Jugnu	Efficacy of intrapartum transcutaneous electrical nerve stimulation (tens) with massage versus massage alone in labour: a randomised control trial
M-11	Dr Shalini Parashar	Oral misoprostol vs intracervical pge2 for cervical ripening in term prom in terms of oxytocin requirement
M-12	Dr Rohit Raina	Empowering gynaecologists with artificial intelligence: tailoring surgical solutions for fibroids
M-13	Dr Sonal Tyagi	Platelet rich plasma therapy- a new modality for treatment of cervical erosion
M-14	Dr Aditi Guin	Impact of subclinical hypothyroidism on ovarian reserve in women with infertility

Judges: Dr Leena Wadhwa, Dr Priyanka Sharma, Dr Poonam Singh**12:00-1:00 pm, Topic: Miscellaneous/High Risk Pregnancy (Maternal Health)**

M-15	Dr Nisha N	Assessment of Female Sexual Function in Women Undergoing Reconstructive Surgery for Various Pelvic Floor Disorders
M-16	Dr Prashasti Srivastava	Effect of intra-cervical foley catheter bulb inflation with 60ml versus 30 ml saline on induction delivery interval in term nulliparous women
M-17	Dr Vandana Agarwal	A study on induction of labour in low-risk pregnancies at different gestation in a tertiary care centre of northern India.
M-18	Dr Manasi Deoghare	To study the role of modification of purandare cervicopexy in treatment of genital prolapse in reproductive age women
M-19	Dr Neeru	A comparative study of carbetocin vs oxytocin in active management of third stage of labour
M-20	Dr Sakshi	The role of angle of progression and head perineum distance by intrapartum trans perineal ultrasound in predicting mode of delivery
M-21	Dr Shweta Mishra	Medical Democracy: Education of the student, for the student, by the student

Judges: Dr Seema Rawat, Dr Supriya Chaubey, Dr Kanika Kumari**1:00-2:00 pm, Topic: Miscellaneous**

M-22	Dr Archee Sinha	Effect of autologous intrauterine platelet rich plasma therapy on endometrial receptivity and clinical pregnancy rate in unexplained infertility
M-23	Dr Aakriti Aggarwal	Accuracy of vintzelios formula for calculation of estimated foetal weight using ultrasound
M-24	Dr Soni Bharti	Role of uterine artery embolization (UAE) in management of vascular retained products of conception (RPOC) with severe bleeding- experience from a tertiary hospital
M-25	Dr Surbhi Kashyap	Study of procalcitonin and highly sensitive c reactive protein as an early predictor of surgical site infections after caesarean section.
M-26	Dr Niketa Chaudhary	Efficacy of autologous human amniotic membrane patch dressing in primary caesarean wound healing
M-27	Dr Aastha Chaurasia	Feasibility of telemedicine in postoperative follow-up care after major elective gynaecological surgery in low resource setting

M-28	Dr Hima Chandana Kille	Concurrent use of foley's catheter along with vaginal misoprostol versus oral misoprostol for induction of labour: a comparative study
Judges: Dr Manpreet Sodhi, Dr Nidhi Garg, Dr Rakhi		
2:00-3:00 pm, Topic: Miscellaneous/ High Risk Pregnancy (Maternal Health)		
M-29	Dr Drishti Malhotra	Medroxyprogesterone acetate versus Micronized progesterone for Hormone Replacement in Primary Ovarian Insufficiency
M-30	Dr Lavanya Tanguturi	Correlation between hysteroscopic findings and ultrasound findings in cases of abnormal uterine bleeding
M-31	Dr Himanshi Goel	Evaluation of menopause as a risk factor for sarcopenia in indian women
M-32	Dr Saloni Jindal	Effect of Opportunistic Salpingectomy on Ovarian Reserve and Vascularity in Patients Undergoing Hysterectomy for Benign Indications
M-33	Dr Kritika Gupta	Efficacy of perineal massage in second stage of labour in prevention of perineal trauma
M-34	Dr Abhilasha	Association between subclinical hypothyroidism and abnormal uterine bleeding in perimenopausal women
M-35	Dr Snigdha Sahoo	Comparison Of Determinants Of Severe Maternal Outcome In A Tertiary Care Hospital
Judges: Dr Panchampreet Kaur, Dr Sadhna Jaiswal, Dr Sarika Pandey		
3:00-4:00 pm, Topic: Miscellaneous/High Risk Pregnancy (Maternal Health)

HRMH-50	Dr Tanya Grover	Correlation of meconium stained amniotic fluid with subclinical chorioamnionitis and associated cardiotocographic changes
HRMH-51	Dr Niharika Sharma	Role of heat stable intravenous carbetocin vs intravenous oxytocin in active management of third stage of labour after vaginal birth: a randomised controlled trial
HRMH-52	Dr Mamta Sohal	Comparison of the lifestyle factors & oxidative stress marker levels between women with preeclampsia and normotensive pregnant women
HRMH-53	Dr Sowmiya K	Comparison of single foley catheter with double foley catheter in cervical ripening of nulliparous women
HRMH-54	Dr Richa Vatsa	Outcome of transabdominal cervical cerclage: experience from a tertiary care hospital
Judges: Dr Geetanjali Nabiyal, Dr Srishti Agrawal, Dr Varsha Agarwal		
9:00-10:00 am, Topic: Miscellaneous		
M-43	Dr Harbani Soni	Comparison of thermoablation with cryotherapy for the treatment of symptomatic cervical ectropion: a randomized controlled trial objective
M-44	Dr Aditi Rathi	Prevalence and predictors of non-alcoholic fatty liver disease in women with polycystic ovarian syndrome
M-45	Dr Rini K	Role of two-dimensional sonographic placental volumetry in predicting fetal outcome
M-46	Dr Sreeba Balakrishnan KV	Menstrual abnormalities in women with previous covid 19 infection
M-47	Dr Kiran Dhawan	Association of low cerebroplacental ratio (<10th centile) in preterm appropriate for gestational age foetuses with spontaneous preterm birth and adverse neonatal outcomes
M-48	Dr Sonika Bansal	Comparison of efficacy of two doses of urinary human chorionic gonadotropin as trigger on ovulation induction in intrauterine insemination cycles
M-49	Dr Ashu Bhardwaj	Role Of Ormeloxifene In The Management Of Abnormal Uterine Bleeding In Fibroid Uterus
Judges: Dr Manjusha Goel, Dr Astha Dayal, Dr Priyanka Mathe		
10:00-11:00 am, Topic: High Risk Pregnancy (Maternal Health)		
HRMH-55	Dr Ambika Agarwal	Effect of antenatal steroid administration on the glycemic response in patients with preterm labour
HRMH-56	Dr Archita Chawla	The effect of combined perineal massage and warm compresses on episiotomy rate and perineal tears in nulliparous in active second stage of labour.
HRMH-57	Dr Shreya Mittal	Fetal abdominal fat and shoulder pad thickness as predictors of macrosomia in gestational and pre gestational diabetes mellitus
HRMH-58	Dr Bhagyashree	Single third trimester ultrasound for prediction of small for gestational age neonates in low-risk pregnancy
HRMH-59	Dr Shivam Yadav	Unlocking potential: CPK MB as a predictive marker for uterine scar integrity in women undergoing repeat caesarean section

HRMH-60	Dr Apoorva K P	C-Reactive protein and procalcitonin in cervicovaginal secretions for prediction of chorioamnionitis in preterm prelabor rupture of membranes
HRMH-61	Dr Jyoti	Comparison of obstetric early warning score and quick sequential organ failure assessment score as a screening tool for sepsis in obstetric infection
Judges: Dr Anu Sindhu, Dr Sneha Mishra, Dr Chintan Chaudhary		
11:00-12:00 pm, Topic: Endoscopy, Miscellaneous, Gynaecologic Oncology, Population Stabilisation		
M-50	Dr Anushka Gupta	Exploring hysteroscopy & diagnostic accuracy for chronic endometritis in infertile women: precision assessment
M-51	Dr Sangeeta Kumari	Comparative analysis of traditional and vaginoscopic approach in patients undergoing diagnostic hysteroscopy
M-52	Dr Ayushi	Evaluation of hysteroscopic directed biopsy for the diagnosis of genital tuberculosis in women with infertility
M-53	Dr Preethikka Mathavan	Unveiling the overlooked: shedding light on bone health and menopausal symptoms in ovarian cancer survivors
M-54	Dr Asmita Anand	Re-thinking cervical cancer screening method: comparison of liquid based cytology, visual inspection with acetic acid and human papilloma virus testing
M-55	Dr Alka Dahiya	Analysis of patients with endometrial carcinoma using the ProMise classifier: a pilot study
M-56	Dr Sadhana S Pai	To compare the use of dedicated ppiucd inserter over conventional technique with kelly's forceps for ppiucd insertion: randomized controlled trial
Judges: Dr Deepika Meena, Dr Reena Punia, Dr Upma Saxena		
12:00-1:00 pm, Topic: Miscellaneous		
M-57	Dr Ila Singh	A prospective study to develop nomograms of fetal brain structures based on north indian population and assessing these fetal brain structures in growth-restricted fetuses
M-58	Dr Kratika Badi	Utilization of whole exome sequencing in the diagnostic yield of multiple congenital anomalies on ultrasound: a prospective observational study
M-59	Dr Mahrukh Zaidi	Screening and diagnosis of hemoglobinopathies in north indian population: challenges faced
M-60	Dr Tanya Mudgal	Effect of local estrogen cream in vaginal atrophy in postmenopausal women
M-61	Dr Nikita Saxena	Antimullerian hormone levels as a predictor for response to ovulation induction with letrozole vs gonadotropins in polycystic ovarian syndrome
M-62	Dr Megha Gupta	Correlation of anthropometric parameters with insulin resistance in pcos
Judges: Dr Pinky Mishra, Dr Jaya Chawla, Dr Shyam singh		
1:00-2:00 pm, Topic: High Risk Pregnancy (Maternal Health), Gynaecologic Oncology		
HRMH-62	Dr Manvi	Effect of metabolic syndrome on pregnancy outcomes
HRMH-63	Dr Jaspreet Kaur	Assessment of respectful maternity care during childbirth
HRMH-64	Dr Arun Kumar	Role of acute inflammatory markers (serum ferritin, interleukin-6, and C-Reactive protein) in preterm labor
HRMH-65	Dr Himakshi Boro	Antiphospholipid syndrome in preeclampsia with severe features and fetal growth restriction
HRMH-66	Dr Samiksha Kharbanda	Nuchal cord- is it really a noose around the neck??
HRMH-67	Dr Mrinalini Dhakate	Spectrum of surgically treated adnexal masses in different age groups: a retrospective study in a tertiary care centre
HRMH-68	Dr Soma Kumari	Clinical effect of lymphocyte immunotherapy (LIT) on patients with recurrent IVF failure and unexplained recurrent spontaneous abortion

Pre Function Area - Magnolia Hall
